AUDITOR'S REPORT

Millbridge, Maine
November 28, 1942

To the Inhabitants of the Town of Waltham:

In accordance with the request of your municipal officers, we have completed an examination of the accouts of your town officials for the municipal year ended March 5, 1942.

Our report, herewith submitted, was prepared from your town records and, to the best of our knowledge and belief, properly reflects the true financial condition of your municipality as of that date; subject, however, to a probable shrinkage in the final settlement of unpaid taxes.

Respectfully submitted,

SAWYER & SAWYER,

Accountants and Auditors.

By A. F. Sawyer.

SCHOOL REPORT

To the Members of the Superintending School Committee and Citizens:

Following is my annual report as superintendent of schools. The schools were arranged this year to take care of the lower grades at Longfellow school and the upper grades at Stetson. This makes a more satisfactory arrangement as the class periods are fewer and longer, each grade having more of the teacher's time.

Mrs. Olive Giles was engaged to teach Stetson school, and Mrs. Marie Richardson for Longfellow school. Mrs. Richardson was obliged to resign on account of ill health. Mrs. Stella Dinsmore substituted for three weeks to complete the fall term. Mrs. Beulah Nealley, a graduate of Castine normal school, was secured for the winter term. The attendance has been very good, with only necessary absences. There are seventeen pupils registered at Stetson school and nineteen at Longfellow school. Seven students are attending Ellsworth high school, one at Eastport high school and one at Lee academy.

NURSE'S REPORT

To the Selectmen of the Town of Waltham:

I hereby submit a brief report of services rendered the town by the Hancock County Health Service from February 1, 1942, to February 1, 1943.

During the school year, nineteen visits have been made to the town of Waltham, at which times the Longfellow and Stetson schools were visited. Classroom inspections were given and a check-up made of the Seven-Point pupils. Individual inspections were given to those who were absent at the time the annual inspection was made.

The Early Diagnosis Campaign material, consisting of posters and pamphlets, was distributed through the schools, each pamphlet carrying into the homes a message of vital importance. One contact case, being kept under observation, attended the State X-ray clinic held at the Red Cross rooms in Ellsworth. A neighbor of Waltham kindly conveyed the patient to the clinic. The result of the X-ray was satisfactory.

Investigated a case reported by a physician and made arrangements with the pediatric clinic at the Eastern Maine General hospital, Bangor, to have patient examined by Dr. Fellows. Conveyed child and mother to the clinic four times during the month. Dr. Fellows stated there was a satisfactory improvement.

The annual physical inspection was given the pupils of the Longfellow school on December 16, and the Stetson school last April. This consisted of the routine weighing and measuring, the test for vision and hearing, inspection of the teeth, throat, and for postural defects, the skin for rashes and sores, and personal cleanliness as well as for symptoms of infectious diseases. The results noted were as follows: Number of pupils who have defective vision, 1; inflamed eyelids, 1; decayed teeth, 21; abnormal throat, 2; obstruction of nose, 2; defective skin, 1; 20 pounds of more overweight, 4; biting fingernails, 1.

Of the thirty-two pupils inspected, twenty-six were found

with defects, and six were eligible to qualify for the Seven Point pin and certificate. Four pupils of the Longfellow school and two of the Stetson school received their pins and certificates.

As a result of previous inspections there have been a few corrections: Two corrections of vision by means of glasses, six dental, and one swollen gland correction.

Several visits have been made to chronic cases, to tuberculosis contacts, and crippled clinic patients.

The services rendered the towns of Hancock county are financed through the sale of Christmas Seals and by town appropriations, for which we wish to express our sincere thanks and appreciation to all who have made this service possible.

Respectfully submitted,

HANCOCK COUNTY HEALTH SERVICE

By: Winifred L. Dunphy, R. N.,

Public Health Nurse.

REPORT OF THE PUBLIC HEALTH NURSE 1942

Public health nursing is concerned with the community as a whole. Because Waltham is fortunate in having a nurse employed by another agency to do special school work, my part of the health program has been directed to the maternal, infant and pre-school work.

During the year nine calls have been made to six different pre-natal and post-partum patients.

Eighteen child health supervision calls have been made to infant and pre-school children.

In May the infants and pre-school children were invited to attend the Well-Child Conference held at Eastbrook. Thirteen children attended this conference. Diphtheria and small-pox immunization was available at that time.

I wish to express my sincere appreciation to the public in general for the splendid cooperation I have received and the interest that has been shown. It is indeed gratifying. We can look forward to next year hoping for continued progress as time goes on.

MRS. LENEITA BUTLER,

Public Health Nurse.

THE WARRANT

HANCOCK ss.

STATE OF MAINE.

To Arthur E. Hardison, Constable of the Town of Waltham,

GREETING:

In the name of the State of Maine, you are hereby directed to notify and warn the inhabitants of said town of Waltham, qualified to vote in town affairs, to meet at the Town Hall, in said Waltham, on Monday, the 15th day of March, A. AUDITOR'S REPORT

Millbridge, Maine,
December, 1943.

To the Inhabitants of the Town of Waltham:

In accordance with the request of your municipal officers, we have completed an examination of the accounts of your town officials for the municipal year ended March 4, 1943.

Our report, herewith submitted, was prepared from your town records, and to the best of our knowledge and belief, properly reflects the true financial condition of your municipality as of that date; subject, however, to a probable shrinkage in the final settlement of unpaid taxes.

Respectfully submitted,
SAWYER & SAWYER,

By A. F. Sawyer,
Accountants and Auditors.

SCHOOL REPORT

To the Members of the Superintending School Committee and Citizens:

The following is my annual report as superintendent of schools. Both schools were maintained as last year, namely, the grammar grades at the Stetson school and the primary grades at the Longfellow school.

Mrs. Ellen McBride Bradford was elected to teach the primary school, but just a few days before school was to open, notified me that she was accepting a school in Massachusetts. Mrs. Vida Haslam has been teaching this school. Mrs. Olive Giles has taught at the grammar school.

The attendance in both schools has been very good with the exception of necessary absences. There are eighteen pupils attending the Stetson school and fifteen at the Longfellow school.

Four students are attending Ellsworth high school, and one is attending Lee academy. Last year there were nine students attending high school, but this year there are only five and the tuition is thereby smaller.

NURSE'S REPORT

To the Selectmen of the Town of Waltham:

I herein submit a report of services rendered the town by the Hancock County Health Service for the period February 1, 1943, to February 1, 1944.

In April, the Early Diagnosis Campaign for the Prevention of Tuberculosis, national in scope, was made available to the town. Pamphlets and posters for this campaign carried into

the homes the campaign slogan: "Follow the Example of the Armed Forces, Get a Chest X-ray." These pamphlets and posters and material designed for school use were available to all.

HEALTH SERVICE TO SCHOOLS

During the school year, 13 visits have been made to Waltham to the Longfellow and Stetson schools. At this time schoolroom inspection was given. Individual inspection was given those who were absent when the annual inspection was given.

The work in the schools has been much the same as previous years, routine weighing and measuring, the Snellen's test for vision, the whisper test for hearing, inspection of teeth, throat, for postural defects, the skin for rashes and sores, and for personal cleanliness, as well as for symptoms of infectious diseases. The annual physical inspection was given, the results of which follow: Defective vision, 1; defective hearing, 1; decayed teeth, 17; permanent decayed teeth, 11; inflamed gums, 1; abnormal throats, 3; nasal obstruction, 2; 10 per cent. or more underweight, 3; 20 per cent. or more overweight, 3.

Of the 31 pupils. inspected, 24 were found with defects. Seven were eligible to qualify for the Seven-Point Pin and Certificate. Since previous inspection there have been eight dental corrections. Two pupils accompanied to dentists in Ellsworth for dental corrections.

Visits were made to homes when necessary, a few shut-ins and cripples visited, two tuberculosis contacts under observation are to be X-rayed at the next clinic.

Services rendered the towns of Hancock county are financed through the sale of Christmas Seals and by town appropriations. We wish to express our sincere thanks and appreciation to all who make the work possible.

Respectfully submitted,

HANCOCK COUNTY HEALTH SERVICE.

By: WINIFRED L. DUNPHY, R. N.

Public Health Nurse.

AUDITOR'S REPORT

Millbridge, Maine,
March 8, 1945.

Board of Selectmen
Waltham, Maine

Gentlemen:

At your request we have completed an examination of the accounts of the Town of Waltham for the municipal year ended March 4, 1944.

From the records available to us, we have prepared exhibits and schedules and, subject to any qualifications made, we believe them to be without material error.

In our opinion, based upon such examination, this report fairly presents the financial condition of your municipality as of March 4, 1944, and summarizes its fiscal transactions during the year then ended.

Respectfully submitted,

SAWYER & SAWYER,

By A. F. Sawyer,
Accountants and Auditors.

REPORT OF CEMETERY TRUSTEES

Under labor conditions, we were unable to secure a caretaker, so what work was done on the Cemetery was voluntary labor.

Unless we can secure a caretaker for the coming year, it will be necessary for the townspeople to take care of their own lots and the trustees will see that the perpetual care lots are taken care of.

One check of \$2.50 was received for care of Emerson lot.

The interest has not been drawn from trust funds in bank for 1944.

The \$75 raised by town for 1944 is still unexpended.

ERLOND HASLAM,
ORMAND HASLAM,
EVA HASLAM,
Cemetery Trustees.

TOWN CLERK'S REPORT

Respectfully submitted,

ERLOND HASLAM, Town Clerk.

SCHOOL REPORT

To the Members of the Superintending School Committee and Citizens:

The following is my annual report as superintendent of schools. Mrs. Olive Giles has taught the entire year at the grammar school and Mrs. Beulah Nealey at the primary school. The attendance has been good with the exception of necessary absences. There are twelve pupils enrolled at the grammar school and fifteen at the primary school.

There are seven pupils attending Ellsworth high school. They are: Roland Giles, Gilbert and Harvey Jordan, Mary and Ethel Hardison and Paul Emerson. Arbine Jordan, Thurston and Dwight Haslam are attending Lee Academy.

Next year there will be no equalization money as your school tax rate is lower than the average in the state. This means that the majority of towns raised more money for their schools.

The legislature has just passed a law establishing \$1,000 as the minimum salary for all teachers, but the difference between the minimum now (\$720) and the \$1,000 minimum will be paid by the state.

Next December the town will be reimbursed approximately \$140 for conveying the Curtis children.

NURSING REPORT

To the Selectmen of the Town of Waltham:

I hereby submit a brief report of service rendered the town by the Hancock County Tuberculosis and Health Association for the year February 1, 1944, to February 1, 1945.

The Early Diagnosis Tuberculosis Campaign pamphlets and posters were distributed through the schools and public places conveying the slogan "Follow the Example of the Armed Forces, Get a Chest X-ray now — In War, a Patriotic Duty—In Peace, Plain Common Sense."

The State Bureau of Health sponsored a Tuberculosis clinic at the Longfellow school building on April 10. Forty-eight pupils and adults were given the Patch tests, which were read by Dr. Stanhope, Medical Director for District IV. Two out of the forty-eight were positive reactors. These were X-rayed, one school pupil now grown to manhood has been under supervision for some years.

During the school year, twelve visits have been made to the town at which time classroom inspections were given. Individual inspection was given to those who were absent when the annual inspection was given and a check-up made of pupils eligible to qualify for the Seven-Point Pin and Certificate.

Annual physical inspection was given the Stetson school on March 22 and the Longfellow school on December 12. This consisted of routine weighing and measuring, the Snellen test for vision, the whisper test for hearing, inspection of teeth, throat and scalp, for postural defects, inspection of skin for rashes and sores, for personal cleanliness, as well as for infectious diseases. The results are as follows: Defective vision, 0; defective hearing, 1; decayed teeth, 20; inflamed gums, 1; abnormal throat, 3; obstruction of nose, 5; 10 per cent. or more underweight, 2; 20 per cent. or more overweight, 2.

Of the thirty-two pupils inspected, twenty-three were found with defects and nine were eligible to qualify for the Seven-Point Pin and Certificate.

Since previous inspections the following corrections have been made: Dental, nine.

Of the twenty with decayed teeth, twelve have decay of the permanent teeth and thirteen with decay of the temporary teeth.

Visits have been made to homes in school follow-up and to the shut-ins and chronically ill. One patient was conveyed to a physician in Ellsworth and one to the Pediatric clinic in Bangor.

We wish to express our thanks and appreciaion to all who have made this work possible.

Respectfully submitted,

HANCOCK COUNTY TUBERCULOSIS AND
HEALTH ASSOCIATION.

ANNUAL REPORT OF PUBLIC HEALTH NURSE

Public Health Nursing is concerned with securing the best possible physical and mental health for all. To this end sixteen family visits have been made in Waltham this year.

Today as never before the importance of pre-natal and post-natal care is recognized. Realizing that the health of the mother during this period is a matter of primary importance to herself and her child, four visits have been made to maternity patients.

During the year six infants were visited to help the mothers with their routines, to plan for medical supervision and to stress the necessity of prevention of communicable disease which is most disastrous during the first year of life.

Eleven visits were made to pre-school children to help the mothers continue the plan of health habits started in infancy and to solve the health problems peculiar to this age group.

A Child Health conference was held at which nine infant and pre-school children were examined by a physician who made medical recommendations to the mother for the child's care. This represents a 100 per cent. attendance. Five immunizations against diphtheria and two vaccinations against smallpox were done.

With some crippling conditions from birth injuries, accidents or disease, the fundamental right to success and happiness is denied because of a handicap in work and play or a sensitiveness in social situations.

One of the Bureau of Health functions is to offer a diagnostic clinic for the children sent by their family physician. At these clinics the children are examined by a pediatrician and given recommendations for further treatment.

The nurse helps to prevent deformities through her inspections of the newborn and through continuous visits to families. She finds the patients who would be benefited through the clinic and acts as an interpreter to the family and the clinic personnel. In this behalf three visits were made.

To reach a goal of mental and physical health for all, it is recognized that more responsibility awaits each and every citizen of the community. Only through cooperation of the local people has progress been shown but there is need for more interest and participation by each citizen to further the program of health.

LENETTA BUTLER,
Public Health Nurse.

AUDITOR'S REPORT

Milbridge, Maine, Nov. 29, 1945.

Board of Selectmen,
Waltham, Maine.

Gentlemen:

At your request, our office has completed an examination of the accounts of the Town of Waltham for the fiscal year ended March 7, 1945.

From the records available to us we have prepared exhibits and schedules, and subject to any qualifications made, we believe them to be without material error.

In our opinion, based upon such examination, this report fairly presents the financial condition of your municipality as of March 7, 1945 and summarizes its fiscal transactions during the year then ended.

Respectfully submitted,

SAWYER & SAWYER,

By A. F. Sawyer,

Accountants and Auditors.

REPORT OF CEMETERY TRUSTEES

Under labor conditions, we were unable to secure a caretaker, so what work was done on the cemetery, was voluntary labor same as last year.

Before Memorial Day the trustees called the townspeople together, to assist in taking care of their own lots, and then several willingly helped to take care of other lots in the cemetery.

Unless we can secure a caretaker for the coming year, it will be necessary for the townspeople to take care of their own lots and the trustees will see that the perpetual care lots are cared for the same as last year.

Wilson Jordan presented the trustees with a gift of a \$100 G-Bond, the interest to be used on the cemetery as we see fit.

\$2.50 is still held from last year for care of Emerson lot.

Interest on trust funds has not been drawn for years 1944 and 1945.

Received interest on G-Bond amounting to \$2.50.

Also \$75 raised by town for 1944 is still unexpended.

Ormand Haslam's term expires this year.

ERLOND HASLAM,

EVA HASLAM,

ORMAND HASLAM,

Cemetery Trustees.

NURSE'S REPORT

I herein submit a brief report of service rendered the town of Waltham by the Hancock County Tuberculosis and Health Association for the period beginning January 1, 1945, to December 31, 1945.

HEALTH SERVICE TO SCHOOLS

The State Division of Tuberculosis control conducted a chest X-ray clinic for Hancock County to take in all Tuberculosis and contact cases. This was held at the city hall, Ellsworth, and over a hundred and fifty attended and had chest X-rays taken. Several from Waltham attended and were X-rayed.

Thirteen visits have been made to the town during the school year at which times visits were made to the schools and class room inspections, check-ups made for the Seven Point pupils and individual inspection given to those who were absent when the annual inspection was made.

This year the annual physical inspection was given the Stetson school February 13 and the Longfellow school January 10, and consisted of the usual routine. Weighing, measuring, the Snellen's test for vision, the whisper test for hearing, inspection of teeth, throat, scalp, and for postural defects, the skin for rashes, sores and personal cleanliness as well as for infectious diseases. The result is as follows:

| | |
|---|----|
| Pupils having defective vision | 1 |
| Pupils having defective hearing | 0 |
| Pupils having decayed teeth | 16 |
| Pupils having inflamed gums | 1 |
| Pupils having abnormal throat | 2 |
| Pupils having obstruction of nose | 2 |
| Pupils 10 per cent or more underweight .. | 1 |
| Pupils 20 per cent. or more overweight .. | 4 |

Of the thirty pupils inspected, twenty-three were found to have remedial defects. Seven were found eligible to qualify for the Seven Point pin and certificate.

Since previous inspections, the following corrections have been made: Vision, two; hearing, one; dental, six.

We wish to express thanks and appreciation to all citizens who have made the work possible.

Respectfully submitted:

HANCOCK COUNTY TUBERCULOSIS AND
HEALTH ASSOCIATION.

ANNUAL REPORT OF PUBLIC HEALTH NURSE**January 1, 1945 - January 1, 1946**

Public health nurses are interested in the total health situation of the family including disease prevention, the promotion of health education and where adequate nursing service is available, care of the sick in the home.

Because Waltham is fortunate in having a public health nurse employed by another agency to do special work with the school children, my part of the total public health program has been concerned primarily with the maternal and child health work. During the year routine health supervisions calls have been made to infants and pre-school children.

In August, Waltham and Eastbrook combined to hold a well-child conference. At that time diphtheria and smallpox immunization was offered. The children were examined by a physician. A dental hygienist was also present to give mothers advice regarding oral hygiene.

The year is over, but the job of promoting public health on the home front is not. The nurse can do little without community backing. I wish to express my sincere thanks to the general public for their splendid cooperation. With combined efforts much can be accomplished.

LENETTA E. BUTLER, R. N.,

Public Health Nurse.

THE WARRANT

HANCOCK ss.
